

Jared Machado

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Los Angeles, CA

January 2022 — January 2023

- Collaborated with a team of developers to build modern and responsive web applications using agile methodologies.
- Drove the creation of semantically structured full-stack web applications, resulting in enhanced user experiences and improved website performance.
- Delivered exceptional outcomes by implementing agile methodologies, such as SCRUM, to efficiently manage and complete projects, ensuring timely and successful project delivery.

RECENT PROJECTS

[The Social Network](#) (REST API, Ejs, Bootstrap, PassportAuth, Mongodb, Node, Express, and Cloudinary) - Upload pictures to your feed, comment, and like posts, using Multer to upload. Store user information in Cloudinary and MongoDB, and employ password hashing for extra security!

Demo account: test@test.com

Demo Password: test2023

[OpenAi-Image-generator](#) (REST API, React, Nodejs) – OpenAi Image Generator app that uses the OpenAI Dall-E 2 API to generate images based on text input! This app allows you to enter a prompt and generate an image based on that prompt.
