RECENT PROJECTS

OpenAi-Image-generator **(React, Nodejs)** – OpenAi Image Generator app that uses the OpenAI Dall-E 2 API to generate images based on text input! This app allows you to enter a prompt and generate an image based on that prompt.

Storybooks **(Fullstack Web App)** – Using google Oauth2.0 users can log in and create storybooks with full crud capabilities. Set private and public stories and save stories depending on the account.

NASA Picture of the Day **(API)** – Using NASA's API Users can input any date and the app will display a different image or photograph of our fascinating universe, along with a brief explanation written by a professional astronomer.

Lyrics App **(API)** – Users can type their artist name and song name of their choice, and the app will display the lyrics.
